### From the Office

Dear Families,

April is going to be such a fun month at Zion! With the warmer weather, we are looking forward to being able to spend more time outdoors both on the playground and in the outdoor classroom!

This month, our Yoga Club will be meeting on Tuesday afternoons and our Science Club will be meeting on Wednesday afternoons. We do have some availability for the Science Club. If you would like to register your child for the program, please contact me for more details.

During the

Week of April 8th, we will be celebrating the Week of the Young Child. Some of the special events for the week include a magic show, performed by The Amazing Spaghetti and a children's fitness class hosted by Sports Play Patrol. For more information about this celebration, please see page 2 of the newsletter.

Just a friendly reminder, please be sure to drive slowly in our parking lot. Please carefully supervise your child at all times. Children should always hold the hand of an adult when walking from the car to

school or school to car. Also, please do not allow your child to climb on the small grassy hill near the coned off area of the parking lot. If a child runs up the hill and into the parking lot, he/she may not be seen by someone pulling into a parking spot. Thank you for your attention and help in keeping our children safe.

We are looking forward to a fun month of learning and celebrating!

Sincerely,  
Dawn Platcek  
Director

list for specific weeks, please feel free to email me. If your child is no longer able to attend a week, please notify us as soon as possible. If you are on the waiting list, we will notify you if a space opens up in the week that you
